

# SEALEGS 6.1M SPORT RIB

**SEALEGS**<sup>®</sup>  
BE AMPHIBIOUS

The Sealegs 6.1m Sport RIB is the most compact RIB in the Sealegs family, meaning it's perfect for negotiating smaller garage and spaces, or for a super yacht tender.

The state-of-the-art sport console featured on the 6.1m RIB can be customised to suit your needs. Upgrade the Go7 all the way up to an NSS12, or choose to add additional Fusion Signature Series Speakers to the console for music on the water - among others.

The 6.1m Sport RIB encapsulates the best of Sealegs technology in an efficient, agile package.

## Sealegs Amphibious Enablement System (AES)

AES provides a fully integrated, turn-key amphibious package.

- Hydraulic transmission powered by a 22HP Honda engine
