

# SEALEGS 7.1M SPORT RIB

**SEALEGS**<sup>®</sup>  
BE AMPHIBIOUS

The Sealegs 7.1m Sport RIB is a classic. It was one of the first craft developed by the Sealegs International, and is beloved by owners worldwide.

The 7.1m has everything you need to go on an amphibious adventure. With a payload of 700kg and seating for up to 8 people, the sky is the limit. The powerful 150HP outboard and 180 litre fuel capacity ensure that you get where you want to go, and the craft has enough power to reach 40 knots - or tow a water skier.

For the aspiring amphibian, the Sealegs 7.1m RIB is the perfect craft to take fishing or exploring.

## Sealegs Amphibious Enablement System (AES)

AES provides a fully integrated, turn-key amphibious package.

- Hydraulic transmission powered by a 22HP Honda engine
