- » Dual pedestal helm seats
- » Stainless steel bow rail
- » Stainless steel cleats
- » Self-draining anchor locker
- » Manual and electric bilge
- » Powerpack upholstery
- » Cabin in-fills

TERMINATOR 755SF

The Terminator 755SF - Amphibious by Sealegs is the first ever Sealegs-enhanced craft made 100% in fibreglass, and with an enclosed cabin, high-back seats and walk-around with stainless steel bow rail, this is a truly unique amphibious craft.

The craft is constructed with DNV certified composite materials with ISO gelcoat, barrier coat, fibreglass, PVC core and vinylester resin, and all finishing is done in stainless steel. The efficiency of fibreglass manufacturing means that we can offer this craft with similar spec to our 7.7m Cabin Craft at a price rivalling our 7.1m Sport RIB.
